LeetCode: Krish697

Aspiring Software Engineer pursuing B.Tech in Computer Science with hands-on experience in Python, Flask, SQL, and full-stack development. Built scalable applications including cloud platforms and healthcare systems.

Education

Amity University Punjab — Mohali, Punjab, India
B.Tech in Computer Science and Engineering — 2024 – Present
CGPA: 8.06 (Current)

Sri Guru Gobind Singh Public School — Chandigarh, India
Class XII (CBSE) — 2023
Percentage: 82.9%

Skills Summary

Languages: Python, C++, SQL
Frameworks/Libraries: TensorFlow, OpenCV, Flask, NumPy, Pandas
Core CS: Data Structures and Algorithms, OOPs, DBMS, Operating Systems
Tools: Git, GitHub, Docker, VS Code

Experience

Centre for Development of Advanced Computing (C-DAC) — Mohali, Punjab
Summer/Industrial Trainee – Artificial Intelligence & Cyber Security — June 2026 – July 2026

- Successfully completed a 45-day Summer/Industrial Training Program in Artificial Intelligence and Cyber Security at C-DAC, Mohali

Projects

Face Authentication & Anti-Spoofing — Python, TensorFlow, OpenCV, Flask

- Developed a real-time face authentication system that verifies a user's identity and detects spoofing attacks such as photos and screen replays
- Trained a MobileNetV2-based binary classifier to distinguish live faces from spoofed faces using the CelebA-Spoof and CASIA-FASD datasets
- Implemented face detection and image preprocessing using OpenCV with transfer learning and model fine-tuning using TensorFlow/Keras
- Built a real-time camera inference pipeline and integrated the system with Flask for deployment

Medicham — Python, Flask, SQL, LangFlow

- Developed a healthcare management system for storing and managing patient data
- Implemented backend using Python Flask and SQL database
- Built features for medical information tracking
- Focused on clean UI and efficient data handling
- GitHub: Repository

Workout Finder Website — Python, Flask, HTML, CSS

- Developed a workout finder website for exercise recommendations
- Designed responsive UI using HTML and CSS
- Organized workouts by categories and fitness goals
- GitHub: Repository

Honors and Awards

- Smart India Hackathon 2025 — Certificate of Participation
  Ministry of Education, Government of India
- Makeathon 8 — Certificate of Participation
  Thapar Institute of Engineering and Technology (via Unstop)
- Innosphere: Tech Project Inspo — Hackathon Participation
  Texplore Club & IEEE Student Branch, Amity University Punjab (Feb 2026)
